

# Safety Data Sheet

## NEXFOAM

### Section 1. Identification

**Product identifier :** NexFoam

**Other means of identification :** NEXFOAM4L, NEXFOAM20L

**Recommended use and restrictions on use :** Coil Cleaner

**Supplier identifier :** Équipement LTE Canada inc.  
101-360 Cowie  
Granby, Quebec  
J2G 3V8  
Phone : (800) 557-0966  
[www.ltecanada.com](http://www.ltecanada.com)

**Emergency telephone number :** CANUTEC : +1-613-996-6666 or \*666 (cell phone)  
24/7

### Section 2. Hazard identification

**Hazard classification of substance or mixture :** EYE DAMAGE – Category 1

#### Label elements

**Symbol(s) :**

**Signal word :**

Danger

**Hazard statement(s) :**

Causes serious eye damage.

#### Precautionary statement(s)

**Prevention :**

Wear eye protection.

**Response :**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or a doctor.

**Storage :**

Not applicable

**Disposal :**

Not applicable

### Section 3. Composition/information on ingredients

**Substance/material :** Mixture

Chemical name	Common name	% (w/w)	CAS number
Alcohol ethoxylate C9-11		1 – 5	68439-46-3
Dipropylene glycol monomethyl ether	Glycol ether DPM	1 – 5	34590-94-8
Sodium xylene sulfonate	SXS	1 – 5	1300-72-7
Sodium carbonate		1 – 5	497-19-8

The actual concentration or concentration range is withheld as a trade secret.

Based on current knowledge of the supplier and in the concentrations applicable, no other ingredients present are classified as hazardous to health or the environment, therefore would require reporting in this section.

Occupational exposure limits, where available, are listed in section 8.

# Safety Data Sheet

## NEXFOAM

### Section 4. First-aid measures

#### First-aid measures by route of exposure :

<b>Eye contact :</b>	Rinse cautiously with water for several minutes, lifting the eyelids occasionally. Remove contact lenses, if present and easy to do. Continue rinsing. Call a poison center or doctor immediately.
<b>Inhalation :</b>	Remove person to fresh air and keep comfortable for breathing. Call a poison center or doctor if necessary.
<b>Skin contact :</b>	Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. If skin irritation occurs: Get medical advice.
<b>Ingestion :</b>	Rinse mouth with water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Consult a doctor or poison center.

#### Most important symptoms and effects (acute or delayed)

##### Potential acute health effects

<b>Eye contact :</b>	Causes serious eye damage.
<b>Inhalation :</b>	At high concentrations, mists can irritate the upper respiratory tract.
<b>Skin contact :</b>	Can cause skin irritation.
<b>Ingestion :</b>	May cause temporary irritations to gastrointestinal tract.

##### Signs/symptoms of overexposure

<b>Eye contact :</b>	Adverse symptoms may include: pain, tearing, conjunctivitis, corneal lesion, permanent blindness.
<b>Inhalation :</b>	Adverse symptoms may include: irritate the upper respiratory tract.
<b>Skin contact :</b>	Adverse symptoms may include: pain or irritation, dermatitis.
<b>Ingestion :</b>	Adverse symptoms may include: abdominal pain, diarrhea, nausea, vomiting.

#### Immediate medical attention and special treatment, if necessary

<b>Note to physician :</b>	Symptomatic treatment required. Contact the poison treatment specialist immediately if large amounts have been ingested or inhaled.
<b>Specific treatments :</b>	No special treatment.
<b>Protection of first responders :</b>	See section 8.

See toxicological information (section 11)

### Section 5. Fire-fighting measures

#### Extinguishing media

<b>Suitable extinguishing media :</b>	Use an extinguishing agent suitable for the surrounding fire.
<b>Unsuitable extinguishing media :</b>	Do not use a water jet to extinguish the fire.
<b><u>Specific hazard arising from the hazardous product :</u></b>	No specific risk of fire or explosion.
<b>Hazardous combustion products :</b>	Combustion may produce carbon oxides and unidentified organic compounds.
<b>Precautions for fire-fighters :</b>	No special measures are required.
<b>Protective equipment for fire-fighters :</b>	It is important that firefighters wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a positive pressure face shield.

# Safety Data Sheet

## NEXFOAM

### Section 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures :**

Use appropriate personal protective equipment : respiratory protection, protective clothing, gloves and eye protection (see Section 8)

**Methods and materials for containment and cleaning up :**

Contain spill for neutralization, in order to prevent environmental contamination. Keep away from sewers or waterways. The small quantities must be removed, wiped and used, when it's possible. For general purpose cleaning, or drain in the sanitary sewers if the municipal and provincial regulations permit it. Recover the abundant quantities with vermiculite or all other absorbent, and eliminate as industrial waste. If the product flowed in the nature inform the municipal, provincial and federal authorities as required by law.

### Section 7. Handling and storage

#### Precautions for safe handling

**Protective measures :**

Put on appropriate personal protective equipment (see Section 8).

**Advice on general hygiene at work :**

Refer to Section 8 for information on hygiene measures.

**Conditions for safe storage (including incompatible materials) :**

Store in accordance with local regulations.

### Section 8. Exposure controls/Personal protection

#### Control parameters

**Occupational exposure limits :**

Name of product or ingredient	Exposure limits - ACGIH	Exposure limits - OSHA	Immediately dangerous to life or health - IDLH
Alcohol ethoxylate C9-11	Not available	Not available	Not available
Dipropylene glycol monomethyl ether	100 ppm - TWA 150 ppm – STEL	100 ppm - TWA 150 ppm – STEL	600 ppm
Sodium xylene sulfonate	None	None	None
Sodium carbonate	None	None	None

**Appropriate engineering controls :**

General mechanical ventilation.

#### Individual protection measures

**Hygiene measures :**

Observe good personal hygiene measure.

**Eye / face protection :**

Wear eye protection such as protective glasses.

**Skin protection :**

**Hand protection :**

Wear chemical resistant gloves.

**Body protection :**

None required in normal use.

**Other skin protection :**

None required in normal use.

**Respiratory protection :**

None required in normal use.

### Section 9. Physical and chemical properties

**Appearance :**

Red liquid

**Odour :**

Light citrus fruit

**Odour threshold :**

Not available

**pH :**

11,0 ± 0,5

**Melting point/Freezing point :**

± 0 °C

**Initial boiling point : :**

± 100 °C

**Flash point :**

Closed cup : >93,3°C (>199,9°F)

# Safety Data Sheet

## NEXFOAM

Evaporation rate :	Not available
Flammability (solids and gases) :	Not applicable
Lower and upper flammability/explosive limit :	Not available
Vapour pressure :	Not available
Vapour density :	Not available
Relative density :	1,07 ± 0,01g/ml
Solubility :	Easily soluble in the following materials : cold and hot water
Partition coefficient n-octanol/water :	Not available
Auto-ignition temperature :	Not available
Decomposition temperature :	Not available
Viscosity :	Not available

### Section 10. Stability and reactivity

Reactivity :	No specific test data to the reactivity available for this product or its ingredients.
Chemical stability :	The product is stable.
Possibility of hazardous reactions :	Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid :	No specific data.
Incompatible materials :	Reactive or incompatible with the following materials: strong combustive and high temperature (>50°C).
Hazardous decomposition products :	Combustion may produce carbon oxides and unidentified organic compounds.

### Section 11. Toxicological information

#### Information on toxicological effects

##### Toxicological data :

Name of product or ingredient	Result	Species	Dosage	Exposure	Observation
Alcohol ethoxylate C9-11	LD50 Oral	Rat	>2000 mg/kg	-	-
	LD50 Dermal	Rabbit	>2000 mg/kg	-	-
Dipropylene glycol monomethyl ether	LD50 Oral	Rat	>5000 mg/kg	-	-
	LD50 Cutané	Rabbit	9510 mg/kg	-	-
Sodium xylene sulfonate	LD50 Oral	Rat	7200 mg/kg	-	-
	LD50 Cutané	Rabbit	>2000 mg/kg	-	-
Sodium carbonate	LD50 Oral	Rat	2390 mg/kg	-	-
	LD50 Dermal	Mouse	2210 mg/kg	-	-

Sensitization :	No data available
Mutagenicity :	No data available
Carcinogenicity :	No data available
Toxicity to reproduction :	No data available
Teratogenicity :	No data available
Systemic toxicity for some target organs – single exposure :	No data available
Target organ toxicity – repeated exposure :	No data available
Route of exposure :	Skin contact, eye contact, inhalation, ingestion.

#### Potential acute health effects

Eye contact :	Causes serious eye damage.
Inhalation :	At high concentrations, mists can irritate the upper respiratory tract.
Skin contact :	Can cause skin irritation.

# Safety Data Sheet

## NEXFOAM

**Ingestion :** May cause temporary irritations to gastrointestinal tract.

### Signs/symptoms of overexposure

**Eye contact :** Adverse symptoms may include : pain, tearing, conjunctivitis, corneal lesion, permanent blindness.

**Inhalation :** Adverse symptoms may include : irritate the upper respiratory tract.

**Skin contact :** Adverse symptoms may include : pain or irritation, dermatitis.

**Ingestion :** Adverse symptoms may include : abdominal pain, diarrhea, nausea, vomiting.

### Delayed and immediate effects, and chronic effects from short-term and long-term exposure

**Short-term exposure :** No known significant effects or critical hazards.

**Long-term exposure :** No known significant effects or critical hazards.

**Potential chronic health effects :** No known significant effects or critical hazards.

### Numerical value of toxicity

#### Acute toxicity estimates

Route of exposure	ATE value
Oral	>5000 mg/kg
Dermal	>5000 mg/kg

## Section 12. Ecological information

### Ecotoxicity :

Name	Results	Species	Exposure
Not available	Not available	Not available	Not available

**Persistence and degradability :** Not available

**Bioaccumulative potential :** Not available

**Mobility in soil :** Not available

**Other adverse effects :** Not available

## Section 13. Disposal considerations

**Disposal methods :** It is important to minimize or avoid generation of waste wherever possible. Dispose of contents and container in accordance with all applicable local, state, and national regulations.

## Section 14. Transport information

**UN number :** Not applicable

**UN proper shipping name :** Not applicable

**Packing group :** Not applicable

**Environmental hazards :** Not applicable

**Special precautions :** Transport with local users : Always transport in containers that are correct and secure. Ensure that persons transporting the product know what to do in case of accident or spillage.

## Section 15. Regulatory information

The product classification and SDS were developed in accordance with the HPR.

# Safety Data Sheet

## NEXFOAM

### Section 16. Other information

#### Procedure used to prepare the classification

Classification	Justification
EYE DAMAGE – Category 1	Calculation method

**Prepared on :** 2021-06-28

**Edition :** 01

**Prepared by :** Équipement LTE Canada inc.

**Legend of abbreviations :**

- ATE = Acute toxicity estimate
- SDS = Safety Data Sheet
- UN = United Nations
- HPR = Hazardous Products Regulations
- GHS = Globally Harmonized System of Classification and Labelling of Chemicals
- TDG : Transportation of Dangerous Goods
- CAS : Chemical Abstract Services
- TWA : Time-Weighted Average
- STEL : Short-Term Exposure Limit
- IDLH : Immediately dangerous to life or health
- LC : Lethal Concentration
- LD : Lethal Dose
- EC : Effective Concentration

#### **Notice to reader :**

To the best of our knowledge, the information contained in this document is accurate. However, neither the above supplier nor any of its branches can assume any responsibility whatsoever with regard to the accuracy or completeness of the information contained in this document. It is the exclusive responsibility of the user to determine the approval of the materials. All materials may present unknown hazards and should be used with caution. Although certain hazards are described in this document, we can not guarantee that there are no other hazards.
